INTRODUCTION

Under the direction of our chairman, "Mr. Lokesh Sharma" & CEO/MD, "Mr. Jeetu Sharma", we are able to attain maximum satisfaction of our valuable clients.

Established in the year 2011 in Greater Noida (Uttar Pradesh, India), we "Windayroot Automatism India Private Limited" is an India based company engaged in manufacturing and supplying of Various Type of Machines used in Numerous Industries. High performance corrosion proof, low maintenance, robust construction, reliability, perfect finish and smooth operations are some of the unique features that make our products highly popular in the market. These products are manufactured by our skilled professionals using high quality raw material and advanced technology in accordance with the predefined quality standards. In addition to this, we also provide service like Food Processing Plant Consultant, PNG Pipeline Job Work and SS Fabrication Job Work to our esteemed clients. Acknowledged for their unique features like timely execution, reliability and cost-effectiveness, these services are highly demanded in the market.

For the manufacturing of these products, we have well-furnished infrastructural unit. This infrastructure is segregated into different units like procurement, manufacturing, quality controlling, research & development, warehousing & packaging and sales & marketing. Our infrastructural unit is well-furnished with all the latest machines and tools that help us to cater the bulk requirement of our clients. In order to ensure the quality, our team of quality experts tests these products on different quality parameters. Keeping in mind the diverse demands of our clients, we provide these products in different specifications. The entire work process is supervised by knowledgeable and experienced professionals.

With the help of our advanced infrastructural unit, we have been able to manufacture a high-quality range of products. It is divided into different parts like procurement, quality controlling, manufacturing, R&D and warehousing & packaging. Our infrastructural unit is installed with all the advanced machines and tools that help us to manufacture qualitative range of products. The entire work is supervised by our professionals, who have rich knowledge and experience in the domain.

Our Team

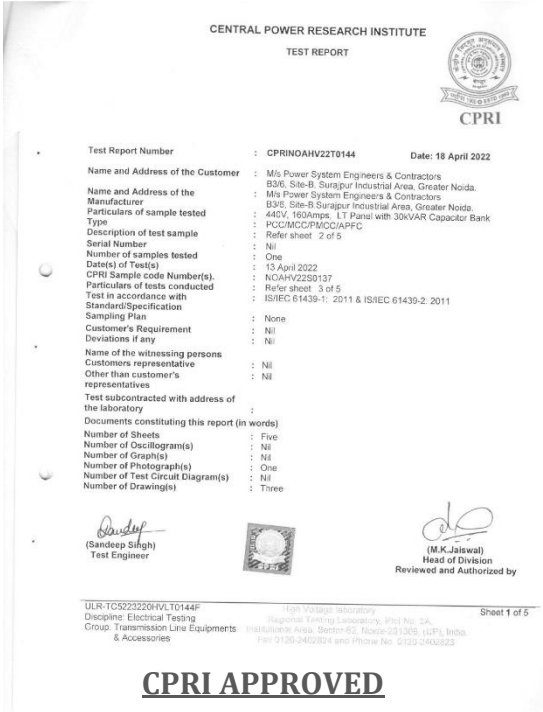

With the support of our dexterous team of professionals, we are providing our clients a broad array of products. In our team, we have procurement agents, quality controller, delivery staff and sales & marketing executives. Our skilled professionals manufacture these products using high quality raw material and latest technology in tune with industry defined standards. For our experts, we organize crucial workshop, training sessions and learning programs at regular basis.

Industries We Serve

We are involved in developing a high-quality collection of industrial products. Our products are widely used in varied sectors due to low maintenance cost, high tensile strength and power saving features.

OTHER MANUFACTURING PRODUCTS

➢ *Electrical LT Panel*

Being a reckoned name in the industry, we are involved in manufacturing, exporting and supplying an exceptional assortment of Electrical Panels by being based in Greater Noida, Uttar Pradesh, India. The offered Electrical Panel is tested on numerous parameters of quality in order to dispatch a defect free array to clients. We manufacture this product from the high-quality material under the directions of skilled professionals following the set norms of industry.

➢ *PLC Automation Panel*

Being a reckoned name in the industry, we are involved in manufacturing, exporting and supplying an exceptional assortment of Electrical Panels by being based in Greater Noida, Uttar Pradesh, India. The offered Electrical Panel is tested on numerous parameters of quality in order to dispatch a defect free array to clients. We manufacture this product from the high quality material under the directions of skilled professionals following the set norms of industry.

- ***Installation, Testing & Commissioning LT & HT Transformer***

All commissioning tasks require a good plan. In order to prove proper operation, the technician must understand proper operation.

Design& Erection, commissioning and testing of HT/ LT Panels, DG Sets, Generators, ... Preparation of SLD and Earthing layout diagram; Transformer Oil testing ... Etc.

- ***Installation, Testing & Commissioning HT Sub-Station***

All commissioning tasks require a good plan. In order to prove proper operation, the technician must understand proper operation.

➢ *Storage Tanks*

Benefiting on our huge experience and specializations, we manufacture, export and supply our clients a wide array of SS Storage Tank from Greater Noida, Uttar Pradesh, India. Our offered range of SS Storage Tank has been manufactured by our expert professionals using the best technology available in the market. This product is highly demanded in the market for its superior quality and cost effectiveness. We offer it to our customers as per their needs in order to satisfy them

➢ *Food & Pharma Machinery*

Being a quality-oriented organization, we are engaged in manufacturing, exporting and supplying a wide range of highly qualitative Food Processing Machine from Greater Noida, Uttar Pradesh, India. The offered Food Processing Machine is the result of the proper utilization of the best grade raw material and an innovative technology. It is quality tested and approved by our well qualified, talented and experienced quality controllers.

➢ *Modular Barcode Scanning Conveyor*

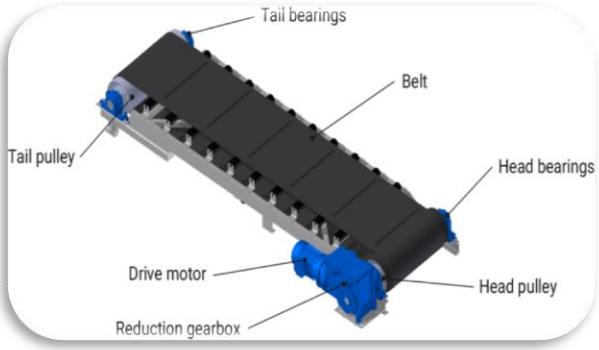

These Systems are capable of scanning the smallest of ID Barcodes, 2D Codes which are even damaged or under Plastic Cover at lightning-fast conveyor speeds. These Systems can be designed to capture single side. Multiple sides or up to all the sides of the products.

For in-line high speed Length Width height and Volume Scanning of Cartons, Crates, bags, Parcels etc., its range of high precision Dimension Scanning Tunnels that can integrate with its conveyor systems seamlessly.

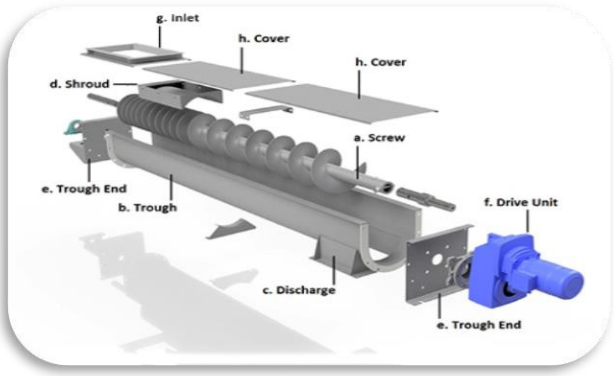

Our integrated solutions can be equipped with a wide range of Label print and applicators for a fast and accurate shipping system. These Label Print and apply systems can be customized for label size and position as per the application demand.

➢ *Industrial Belt Conveyor*

We have emerged as a reputed Exporter, Manufacturer, Service Provider & Supplier of Industrial Conveyors, in Greater Noida, Uttar Pradesh, India. Our offered product is known for its spaciousness. Besides, our complete range is highly demanded by the customers, Due to its high working capacity this product highly demanded in the market.

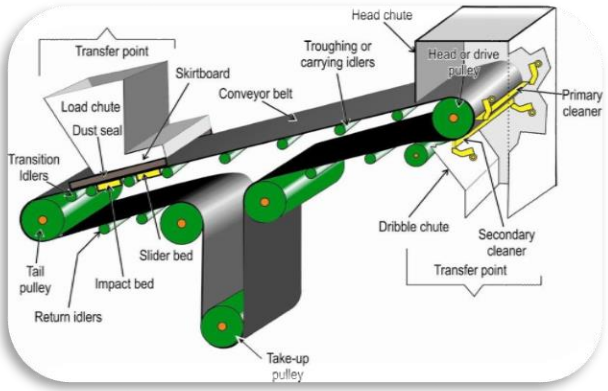

➢ *Industrial Screw Conveyor*

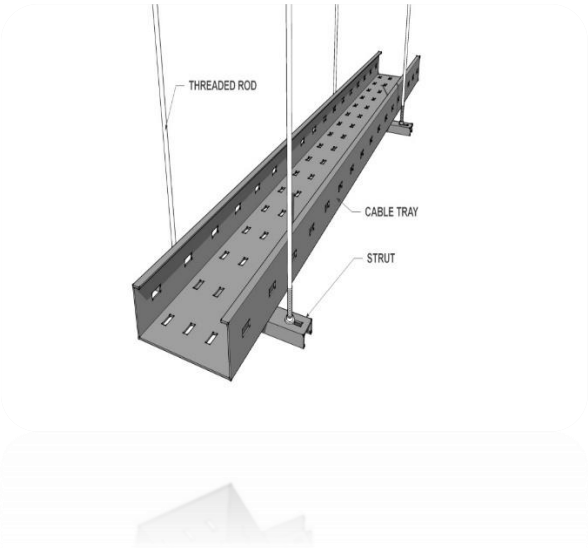

We are one of the leading Manufacturers and Suppliers of top-grade Screw Conveyor. Made of high-grade material including M.S., S.S., engineering plastic or combination, our Screw Conveyor perform hassle free continuously to handle different material. We offer a variety of Screw Conveyor comprising of: Twins Screw Conveyors and Vertical Screw Conveyor.

➢ *Industrial Bucket Conveyor*

Industries like mines and other heavy utility require Horizontal Bucket Conveyor. The belt and other contact areas are forged out of stainless steel that is reinforced for superior strength. It can take heavy loads and do not break under extreme industrial conditions. The speed here is moderate and the system runs on electricity. We devise belts that are customized in dimensions to suit client requirement.

➢ *All Types of Cable Tray*

Cable trays are components of support systems for power and communications cables and wires.

An engineer or designer will usually specify the type of cable tray that has the features to suit the project. It depends on the situation and the environment.

- **Ladder-type**
- **Perforated type**
- **Solid bottom type**
- **Wire mesh**
- **Channel type**

➢ *SS Steel Trolley for Food & Pharma Industry*

Being the most esteemed organization guided by our huge experience and knowledge, we manufacture, export and supply a huge gamut of SS Trolley from Greater Noida, Uttar Pradesh, India. The offered SS Trolley is inspected in terms of quality so as to deliver a perfect array from our end. It is well developed using the best quality material in accordance with the set standards of market. Our product is available to the customers as per their variety of needs.

NOTES

Your Safety is our Priority

We undertake to confirm to the values of Zero Defect Zero Effect in our enterprises and ensure that our processes shall be environmentally sound and socially responsible with safe and high quality products.

We will give back, in every way we can, to our people our community and to our planet.
